

# Siemens EA Customer Association

**Date:** September 10, 2020

**To:** Siemens Industry Customers

**From:** Jack Campbell, SECA President

**Re: Siemens EA Customer Association Fall (SECA) 56 Conference: Virtual Conference**

After careful evaluation of the risks associated with travel due to the continuing threat of the Novel Coronavirus (COVID-19), the SECA Board of Directors has made the decision to not have the onsite face to face Fall SECA user group conference that was planned for October 11-15, 2020 in Minneapolis, MN. The safety and well-being of our members are the most important factors we considered in our decision to reschedule this conference. We have planned with the Sheraton to reschedule and host the next Fall 2021 SECA Conference at the Sheraton Hotel in Minneapolis, MN in October 11-14, 2021.

In place of the face to face conference we are going to hold a virtual conference October 13-14, 2020 from 9:00 – 11:30 am each day. The conference agenda will be finalized and posted on the SECA web site.

We are planning to have customer updates for ongoing projects and additional information about future SECA Conferences. Siemens will present the Product Update for the customer base with the details below: Siemens is committed to keeping you updated on our Product Direction.

You can expect to hear about the following products/topics:

- Patch Management
- Hardware and Visualization
- Enterprise Modeling Management (EMM), Energy Imbalance Market (EIM), and Smart Grid Engineering Manager (SGEM)
- Spectrum Power™ Platform Updates
- Spectrum Power™ TNA / OTS
- Digital Grid Security
- Microgrid Management System (MGMS)

Siemens will provide a Siemens Business and Products Updates, Product Feature Overview and Demonstrations and be open for a question/open discussion. Date: October 13, 2020 from 9:00 – 11:30 am CST and October 14, 2020 from 9:00 – 11:30 am CST (Put a reminder on your Calendar) Method: Circuit Link is available on the [www.secaweb.com](http://www.secaweb.com) for the noted date. Please go to the SECA web site for registration information. Registration for the Virtual conference is free, and you will receive an electronic copy of the conference material.

At this time, we are planning to have the Spring SECA user group conference as scheduled in Sacramento, CA at the Kimpton Sawyer Hotel April 26-30, 2021. We will continue to monitor the

Coronavirus threat and adjust our plans accordingly. Information about SECA and Conference details can be found at [www.secaweb.com](http://www.secaweb.com).

I look forward to seeing you in Sacramento!

Regards,

Jack Campbell

SECA President
